FAQs

Who is our preferred partner, Miracle Air?

Miracle Air is part of a distinguished group of companies dedicated to enhancing Tanzania's tourism, technology, and sustainable energy landscape. To learn more about Miracle Air visit <https://www.miracleair.tz/about-us>

Is Miracle Air the only airline used?

Miracle Air is our strategic partner but all other air charter companies will be used where needed due to load factors, routings, availability, and frequent private charter requests. We have good partnerships with all air charter companies in Tanzania.

Can I choose a different airline and still get free flights?

All flying to and from our camps enjoying the "free-flying offer" must be done with Miracle Air. Any alternate aircraft needed or routing will be coordinated through Miracle Air.

Are flights private or shared?

We will always strive to offer as private air transfers as possible, but there will be flying legs, based on availability and routings, that will be on a shared basis. We will always aim for a maximum of only 1 additional stop from point to point. This offer excludes any private charter bookings.

Do I have to follow a set itinerary?

We offer customized itineraries, and the offer will be applied based on the number of nights booked at our camps and lodges. The order of itineraries can differ depending on flights and lodge and camp availability.

Which flight routes are available to other safari suppliers in northern Tanzania when using this offer?

Flights between Chem Chem Safari property and Legendary Expeditions properties, as well as limited local flights to our preferred partners and major airstrips in the Serengeti. Refer to the key and table of packages above.

Are all road transfers included?

Road transfers are included as per the packages offering free road transfers. Some sectors include road transfers for the best access and convenience for our guests.

Do you need to book consecutive nights to take advantage of the offer?

Camp availability can be an issue, so as long as the itinerary with us is in accordance with the nights offered on the trip, this will ensure the free-flying offer is applied.

What if I book fewer nights per camp?

If the number of nights booked at a camp is less than what's included in our fly-free offer, the complimentary flights will not apply, and standard net rates will be charged.

What happens if clients change their itinerary last minute?

As per our T&Cs, all bookings made will need to be confirmed with a deposit and the balance paid 60 days prior to arrival. Changes within 7 days of travel may incur additional charges.
